

## Attestation E1-653

Herewith it is confirmed that in the second half of 2021, performed on 07.07.2021, a regular supervision of the product

### **birch plywood-UF**

plywood, birch, urea-formaldehyde (UF), unfaced  
in the thickness range:  $\leq 25$  mm

manufactured by

**Syktyvkar Plywood Mill Ltd.**  
**Uchtinskoe ave. 66**  
**167026 Syktyvkar**  
**Russia**

was carried out by the approved supervision body (NDS08)

### **Fraunhofer Institute for Wood Research**

Wilhelm-Klauditz-Institut WKI  
Bienroder Weg 54E, 38108 Braunschweig, Germany

according to supervision contract no. 653 dated February 14, 2019. It was found that the requirements on personal and equipment are suitable to produce the product in an adequate way and the factory production control meets the requirements of the "Regulation on the classification and external supervision of wood-based panels regarding formaldehyde emission (DIBt - Guideline 100)" dated June 1994. This attestation is part of the evaluation report. The continuous external supervision of factory production control shall take place twice a year.

**Dipl.-Ing. Harald Schwab**
